

## Logo

Regarding the logo design, we as a team have generated some ideas of what we like (imported below) however some non-negotiables are we DO NOT want khande involved as we want the camp to look neutral but still include factors of heritage. There needs to be 2 logos created, 1 for the girl's camp and another for the boy's camp. The images with a light background is what we liked for a girl's logo and the dark for the boys. Use these as inspiration.

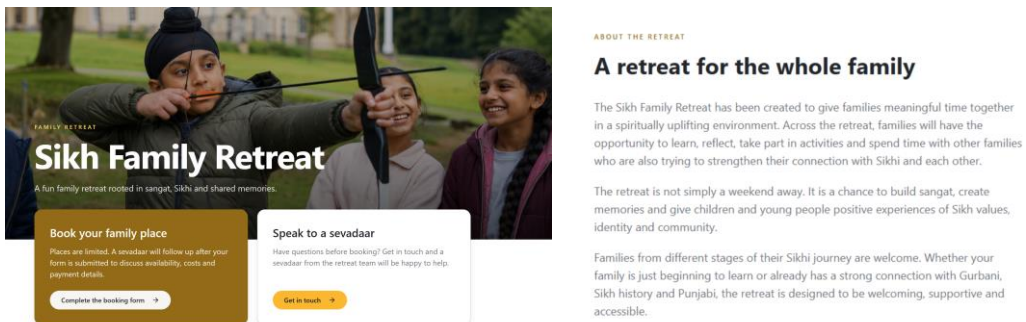

## Website

In terms of the website layout we want you to use the Sikh family retreat website as a template for our website , provided is some things we need included in otherwise the sections that have not been mentioned keep the same as the sikh family retreat but tweak for the roots residential initiative

**ABOUT THE RETREAT**

## A retreat for the whole family

The Sikh Family Retreat has been created to give families meaningful time together in a spiritually uplifting environment. Across the retreat, families will have the opportunity to learn, reflect, take part in activities and spend time with other families who are also trying to strengthen their connection with Sikhi and each other.

The retreat is not simply a weekend away. It is a chance to build sangat, create memories and give children and young people positive experiences of Sikh values, identity and community.

Families from different stages of their Sikhi journey are welcome. Whether your family is just beginning to learn or already has a strong connection with Gurbani, Sikh history and Punjabi, the retreat is designed to be welcoming, supportive and accessible.

## Bookings

Camper bookings are now open.

Please complete one booking form per camper. The form will ask for camper details, parent/guardian contact information, accommodation preferences, medical and dietary needs, emergency contact details, and anything else that will help us support the young person during the residential.

Once submitted, your booking request will be reviewed by the Roots team. A sevadaar will then contact you directly to confirm availability, discuss the cost, and explain how to make payment.

## ABOUT ROOTS

# More Than Just a Summer Camp

In a world where many young people are growing up feeling disconnected, uncertain of who they are, or lacking confidence in themselves, Roots was created to help them rediscover a sense of belonging.

Roots is a residential adventure experience designed to inspire young people to challenge themselves, build meaningful friendships and reconnect with the values, culture and heritage that shape who they are.

Throughout the residential experience, participants take part in exciting outdoor adventures, team challenges, leadership experiences and inspiring workshops that develop resilience, confidence, independence and personal growth. Every activity is carefully designed to encourage young people to step outside their comfort zone, discover new strengths and create memories that last a lifetime.

At its heart, Roots is about connection — connection to yourself, your community and your heritage. Through shared experiences, meaningful conversations and unforgettable adventures, young people leave with a stronger sense of identity, greater self-belief and friendships that continue long after the programme has ended.

Our vision is to inspire a generation of confident, compassionate and resilient young leaders who are proud of where they come from and excited about where they are going. We believe that understanding your roots provides the confidence to shape your future.

Whether attending with friends or arriving on their own, every young person is welcomed into a supportive community where they are encouraged to be themselves, embrace new challenges and realise their full potential.

Roots isn't just about adventure—it's about discovering who you are, building the confidence to become who you can be, and creating memories, friendships and experiences that will stay with you for life.

## ABOUT ROOTS

# Adventure. Friendship. Identity.

Roots is a five-day residential experience designed to inspire the next generation of young Sikhs. Created for young people aged **13–16**, Roots combines outdoor adventure, leadership, personal development and Sikh values in an environment where every camper feels welcomed, challenged and supported. Throughout the week, campers will climb, explore, compete, laugh, reflect and grow together. From exciting outdoor activities and team challenges to inspiring discussions and workshops, every part of the programme is designed to help young people build confidence, resilience and lifelong friendships. Roots isn't simply about the activities it's about discovering potential, developing character and building a stronger connection with Sikhi, community and themselves. Whether your child is already actively involved in the Sikh community or taking their very first steps, every camper leaves with unforgettable memories, new friendships and the confidence to embrace whatever comes next.

# THE EXPERIENCE

## WHAT TO EXPECT

### Five Days Full of Adventure

Every day at Roots offers something different.

Campers take part in an exciting programme of outdoor activities, leadership challenges, sports, workshops, discussions and evening entertainment, all carefully designed to balance fun with personal development.

From climbing and bushcraft to campfires, team competitions and inspiring conversations, every moment encourages growth, confidence and connection.

No two days are the same, but every day leaves a lasting impression and unforgettable memories

## WHO ROOTS IS FOR

### EVERYONE BELONGS

### Wherever They Are On Their Journey

Roots welcomes young Sikhs aged **12–16** from every background and every stage of their Sikhi journey whether that's a continuation of practises or the very first step.

Some campers arrive knowing lots of people. Others come on their own.

Some regularly attend Gurdwara. Others are exploring their Sikh identity for the first time. No matter where they begin, everyone becomes part of one supportive community where they are encouraged to learn, grow and be themselves.

# WHY PARENTS CHOOSE ROOTS

## FOR PARENTS

### An Experience That Lasts Beyond Summer

Imagine your child returning home with greater confidence, stronger friendships and stories they'll be telling for years.

Away from everyday routines and constant screen time, they'll discover new abilities, overcome challenges, work together as a team and develop independence in a safe and encouraging environment.

More importantly, they'll experience the joy of being surrounded by positive role models, inspiring mentors and other young Sikhs who encourage one another to grow.

Roots isn't simply five days away from home.

It's the beginning of a lifelong journey.

## TESTIMONIALS

As well as handles at the bottom that will link to socials can we have a section to do 'what others think/have said' or just call it testimonials. That can have a link to the socials page where all the testimonials will be once posted. The ig is @rootsuk13

For many, it's the highlight of their summer and the beginning of friendships and experiences that continue long after camp ends.
